

# A Four-Week Recovery Program in Schools 2021-2022

## GRADE 4

# مقدمة عامة:

إنّ العودة إلى المدارس هذه السنّة وبعد غياب سنتين، بسبب جائحة كورونا من جهة، والأزمات التي تعصفُ بلبنان من جهة أخرى، تطرح تحديات كثيرة أمام نظام التعليم بأكمله من الجهاز الإداري والتعليمي إلى الأهل وصولاً إلى المتعلّمين أنفسهم، الذين كانوا أكثر المتضرّرين من البقاء ولفترة طويلة في البيوت، بعيداً عن جوّ التفاعل والتواصل الاجتماعي الذي توقّره بيئة المدرسة، وفي ظلّ غياب فرص تعلّم عادلة فرضتها العوائق اللوجستية والاقتصادية وغيرها.

من هنا، كان لا بدّ من إيلاء مسألة العودة إلى المدرسة هذه السنّة اهتماماً شديداً من قبل المعنيين، وبخاصّة عودة المتعلّمين الصغار من أطفال الحلقة الأولى الذين يدخل عدداً وفيراً منهم المدرسة لأول مرّة، ما يستدعي وضع خطة مدروسة، تراعي الجوانب النفسية والاجتماعية والأكاديمية لهم، فتعمل على معالجة الثغرات في المكتسبات والمهارات بدءاً من الأهداف الأساسية وكفايات مرحلة الروضات، إلى مساعدتهم على الانخراط سريعاً في جوّ المدرسة ونظامها، ودعمهم نفسياً واجتماعياً عبر أنشطة التعبير الانفعالي الاجتماعي وغيرها من الأنشطة والألعاب لتسريع عملية التأقلم والتواصل.

## A Four-Week Recovery Program in Schools

The **Four-Week Recovery Program in English language** offers a selection of educational material that supports and motivates the students to get back to learning after being coercively disconnected from learning and/ or learning remotely due to the COVID-19 lockdown.

This content was developed bearing in mind the estimated conditions of the transitional phase of getting back to school for the first four weeks. It also considered the alterations and reductions of the educational material that took place during remote learning to establish strong foundations that would ensure the continuity and flexibility of learning during this scholastic year 2021-2022.

The plan envisioned for the four weeks:

- **An adaptation period during the first two days of week one** that will allow the students to become familiar with the classroom environment in its physical and social aspects through social and emotional learning activities validated by CRDP. The first week will also include reintroducing the students to classroom rules and educational resources to ensure their engagement in a safe and stimulating classroom environment.
- During the first week, a **teacher-led diagnostic assessment** will be conducted using the assessment tools for cycles one and two (Grades 1 to 6) provided by QITABI2 and validated by CRDP. This diagnostic assessment aims to offer rapid results enabling teachers to identify learning gaps and the levels of basic reading skills, fluency, and reading comprehension. Based on the results, teachers will be able to plan for differentiated learning instructions and remedial support.
- In the next three weeks (2 to 4), in-class support will be provided to all students based on identified needs. The literacy material and resources will target all language curriculum domains: Oral Communication, Listening Comprehension, Phonics and Phonemic Awareness, Reading Fluency, Reading Comprehension, Vocabulary,

Grammar, and Written Communication. The learning objectives of in-class support are built on Grade 1 to Grade 6 prerequisites enclosed in the Lebanese National Curriculum.

As for the resources, *CRDP Inclusive Education: Screening Tools* will be used as supplementary material by teachers as needed. QITABI2 Grade 1 to 6 diagnostic tools, emergent reader e-kit, and activities from selected e-lessons will be used as resources over the period of four weeks. It's worth noting that all materials address different learning styles and students' developmental needs aiming at maximizing their engagement and learning. This material allows for implementation in different grouping settings: individually, with partners, in small groups, or as a whole class.

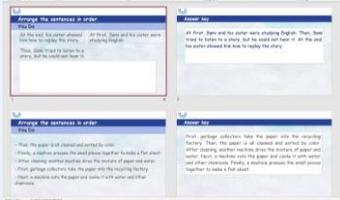

The teachers will have the freedom to choose from the suggested activities within the program based on their assessment of the needs of the students in each of their classes and the other variables that might change from one class to another.

To conclude, the aim of this learning recovery program is to support teachers to provide students with a solid school year start especially after learning discontinuity for most primary grade students, mainly those who had poor access to online learning.

## Readers' Categories

To analyze students' results in reading fluency and reading comprehension, teachers will be supported with performance indicators from the four reading categories for Fluency and Comprehension <sup>1</sup>: Beginner, Intermediate, Proficient and Advanced. The four categories performance indicators are aligned with the national curriculum G1- 6 students reading outcomes. Teacher will then be able to group students and plan evidenced based in -class support using resources that are aligned with specific students' needs
